Durango

Founded in 1523, the first thing you will want to do is go to the central plaza where you will find the colonial architecture of the past. Farming, timber, and paper are the mainstay of Durango as well as this is the location where numerous movies have been made. Some restaurants have movie or cowboy decor. This is a small, friendly, and fun town.

On our *Panama and More* trip in 1998, we had 18 aircraft over-fly or land Durango within a 30-minute period. As all reported 25 out, again over the station, and then at 25 past, the lone controller had more work in that 30 minute period than he normally has in two weeks. They still talk about us in Durango.
